KEY REASONS TO PARTNER WITH BRICK STAFFING, LLC

01 // EXPERTISE

Because we are continually placing qualified employees, our job knowledge, understanding of employment trends and recruitment practices are at a level unmatched in the industry.

02 // COST SAVINGS/REVENUE GENERATION

Our clients experience remarkable savings as a result of taking expenses such as recruiting, payroll processing, pre-employment testing, drug screening and workman's compensation off their plate thus allowing them to focus resources on revenue generating activities of the organization.

03 // NETWORK

Because of our singular focus and the fact that we are continuously mining talent across multiple platforms and across the country, our ability to find and present multiple top candidates for your consideration is second to none.

04 // RETENTION

You have the opportunity to "try before you buy" to determine for certain a candidate meets your company vision before hiring them on a permanent basis thus increasing the odds of landing a long term employee. This results in tremendous savings related to turnover, training costs and the intangible costs of turnover, such as employee morale.

05 // FLEXIBILITY

Utilize Brick Staffing for the seasonal high volume periods of your business in order to eliminate the cost and strain of dealing with unemployment insurance or the risk of being over staffed during low volume periods of your business.

06 // GROWTH

Your organization can be confident in bidding large projects knowing that Brick Staffing can fill the gaps in staffing needs when going from one project to the next. Brick Staffing takes not only the employment process off your plate, but also payroll, payroll processing, and workman's compensation thus allowing you to focus on growth opportunities.

“WHENEVER YOU SEE A SUCCESSFUL BUSINESS, SOMEONE ONCE MADE A COURAGEOUS DECISION.”
